Why family portraits at school? Children are so much more relaxed and comfortable in their own school environment than in an unfamiliar studio. Plus we offer reasonably priced portrait packages as well as canvas upgrades and holiday cards. **New this year...affordable framing for your canvases available.**

Packages available 2 weeks after shoot, reorders guaranteed back before Thanksgiving break.

Return the bottom portion with your check and top three date/time choices. You will be contacted with an exact sitting time. (Pets always welcome – please bring leash & treats)
